

Message from the Mayor

August 1, 2020

It is now August and our children's long-awaited Summer Vacation has finally come.

Our children will have more free time on their hands and families will have more opportunities to spend time together on family outings, but I must ask that our residents exercise caution, for the whole country has seen an abrupt resurgence of confirmed COVID-19 cases.

I ask residents of Fukui City to please cooperate with the following:

1. Thoroughly wash your hands and wear a face mask.
2. Use shops that have the Prefecture-approved 「感染防止徹底宣言」 (Prevention Guidelines Thoroughly Followed) sticker on display.
3. When traveling to and from other prefectures, take sufficient precautionary measures and be careful.
4. Please download Japan's 「接触確認アプリ」 (ココア) (COVID-19 Contact-Confirming Application).

As the hot summer days continue, please beware of heat stroke and traffic accidents. Have a great summer vacation.

HIGASHIMURA Shinichi
